Episode #4

"The Last Trump"

July 14, 2024

God is real. The **Bible** is true. And **Jesus Christ** died for you. Do you know **Jesus**, personally, as your **Lord & Savior**? I hope you do, for we're in the *last minutes* of ***The Last Hour*** of

the ***Last Day***, and **Jesus** is coming, soon! Are you ready?

Former President Trump is doing fine, now, after being struck during an assassination attempt at his rally in ***Butler, Pennsylvania***, Saturday evening, July 13th. The young sniper was killed, but initially this looks like a huge failure in security by the Secret Service and conspiracy theorists will call it, perhaps, an inside job. I'll have more to say about it, later, but first...

Welcome to ***Enoch Was Not***. I'm ***Brother Scott***. Let us pray:

"Dear **Heavenly Father**, thank **You** for your love, mercy, and grace, and your protection, today, of ***President***

Trump. We know your hand is upon him and our thoughts and prayers are with him, his family, and those who had injured or lost loved ones in the shooting, Saturday evening. Please guide our country, **Lord**, and calm those who think violence is the answer. Please be merciful, **Lord**, and grant your peace to people all across America so this violence does not escalate or so that no one tries to retaliate and take justice into their own hands. We pray for your justice, **Heavenly Father**, and that our government will discover everything about this attempt on ***Trump's*** life. Please heal him and the others who were also injured in the violence. Grant peace and comfort to those who lost loved ones. Please protect

President Trump, his family, his staff, the **Secret Service** and **Law Enforcement** who guard him with their lives, **Lord**, as well as the **First Responders** and all the loyal **Trump Supporters** who are placed in harm's way at all of his rallies.

I pray for America's leaders, Lord, that they might turn to you for guidance and go back to the founding principles of our once great nation. I pray for **Israel**, always, and the peace of **Jerusalem**. I know your hand is upon your people, **Lord**, wherever they are in this wicked world and, especially, as they return home to **Israel**, I know **You** will always protect them. Please *bless* those who *bless* **Israel** and *curse* those who *curse* **Israel**. I pray

that, soon, **You** will begin lifting the *partial blindness* from their eyes, so that they, too, will recognize **Jesus Christ** as their **Messiah**, and come to a ***true saving faith*** in **Him** before it's too late.

Thy will be done, **Lord**. Thy **Kingdom** come...on **Earth** as it is in **Heaven**. For thine is the ***kingdom, power, and glory***, forever. *Amen!*

As of this recording, candidate and former President Donald J. Trump is recovering from an assassination attempt that caused him minor injuries to his right ear when he was struck and then dropped to the stage behind his podium during the early portion of his Saturday night rally in

Butler, Pennsylvania. Trump supporters witnessed and reported the alleged sniper crawling atop the roof of a building, approximately 150 yards away from the grandstand, nearly two minutes prior to the shooting, but Security at the rally didn't react, immediately, for some reason. This is a very serious failing of security and it needs to be discovered if it was merely incompetence or something more sinister and intentional.

I was not shocked, in the least, to hear of violence against Trump. I'm more surprised that the Deep State didn't kill him, during his Presidency, when there were many attempts on his life. All of this continues to prove to me that the hand of God is upon Trump and that he can trust very few

including, perhaps, the very Secret Service assigned to protect him. I am not a prophet nor will I predict the election, one way or another, but if Trump can survive and, actually, succeed at what he intends to do, during a second term, with a loyal administration that he's capable of leading, then he could make a serious dent in draining the Washington Swamp, which is one reason the Left fears him, though I have my doubts about any extended timeline for God's grace to be extended towards America to return our divided nation back to the "normal" we knew even 10 years ago. I think the evil genie has been let out of the bottle as well as a horde of demons from the darkest depths of the pit under Sheol, which explains

the increase in lawlessness, wickedness, and the rapidly declining warmth in men's hearts for one another. Their love is growing colder and the savagery we've seen in other parts of the world will find its way, here, especially after multiple thousands of terrorists have snuck in through our open borders on Biden's watch. Please pray for America and remain alert and vigilant. This is far from over.

The United States recently celebrated *Independence Day, 2024*, though I wonder if we are truly as free as our Constitution intended. However, I still wish you a belated **Happy 4th of July Birthday, America!** You're another year older and deeper in debt.

Tragically, your birthday party planner, this year, hired the same creepy clown who is still frightening all the kids by sniffing their hair, then falling up the stairs due to big shoes he cannot fill.

Let us hope and pray to Almighty God that We the People can unite and vote out the nightmare that is sleepwalking through the West Wing of the Whitehouse. Wake up, America! The Liberty Bell isn't the only thing that's cracked in this land that is no longer free and, possibly, no longer the home of the brave, as well. Remember, freedom is just another word for nothing left to lose, right? My condolences and apologies to those who loved Kris Kristofferson.

Freedom is never free. It is always bought with blood. To quote Thomas Jefferson from a 1787 letter, Quote - *"The tree of liberty must be refreshed from time to time with the blood of patriots and tyrants."* - End Quote. However, true freedom requires a greater tree and a higher blood. The blood of Jesus Christ who was crucified upon the cross of Calvary as the perfect sacrifice and willing Lamb of God nearly 2,000 years ago just outside Jerusalem atop Mount Moriah. It is the same holy site of Abraham's amazing example of the greatest faith when he obeyed God by taking his son, Isaac, there to be a burnt sacrifice unto the Lord.

Isaac questioned his father, as he

carried the wood up the hill, asking Abraham, "Look, the fire and wood, but where is the lamb for the burnt offering?" Abraham replied to Isaac, "My son, God will provide Himself the lamb for a burnt offering." Pay close attention to "God will provide Himself the lamb," which most people read and understand to be the first and most obvious interpretation, that God will ensure there is a ram upon the mountain for Abraham to sacrifice. However, those who only hear this interpretation are not listening closely enough to the inspired Holy Scriptures.

"God will provide Himself the lamb as a burnt offering" means that God would be the lamb. God was going to

sacrifice Himself so that all mankind could be saved and redeemed of all their sins, if they would only believe in Jesus. No greater love hath a Father for His children than to lay down His own life for them. For that was Jesus' main purpose in coming to Earth and taking on flesh, to walk and talk as a man, teaching and healing and showing the way. His way. His truth. And His life. Jesus, who is One with the Father, would become the living, perfect sacrifice upon the tree, the cross of Calvary, in the exact spot on Mount Moriah where over 1,800 years prior the patriarch of the Jewish people, Abraham, was called by the Lord to sacrifice his firstborn son, Isaac, to prove his faith.

God never intended for Abraham to, actually, kill his own son. God despises child sacrifice and it has always been in the Law He gave Moses on Mount Sinai. So, upon Mount Moriah, the Angel of the Lord stopped Abraham's knife at the last moment before it could harm, Isaac, for God was pleased with what He already knew and, now, Abraham knew it, too. That Abraham was a true believer. He had complete faith in God. The One True God of Israel. The One & Only Creator God of the Universe and all life on Earth. And Abraham was willing to prove his faith by going to sacrifice his son because Abraham believed beyond a shadow of a doubt that God could and would raise Isaac from the dead. How do we know this? Abraham

heard God tell him that he would be the father of many nations; that his seed would be as great as all the sands of the seas and all the stars of heaven. And Abraham believed the Lord. He took Him at His Holy Word. If God was going to bless many millions upon millions of Abraham's descendents, and God told him to sacrifice his son, then God had to raise him from the dead to fulfill His promise, for God does not lie. Therefore, when God asked Abraham to sacrifice his promised son, the old man did not flinch, but went straightway to Mount Moriah to do the Lord's bidding as a type or shadow of the real sacrifice to come in Christ Jesus, many centuries later. This is how we must obey the Lord. This is

how we are to know Him and trust Him. We are never to fear, for fear indicates a lack of faith.

In the greatest love story ever told, God the Father sent His only begotten son, Jesus, to the Earth to die upon the cross. His body lay in the tomb for three nights, but on the third day He arose. God raised Himself from the dead, which only He can do, for He is infinite, eternal, all-powerful, and the Creator of all things. All that was made was made by Him, by His hands, for His pleasure including mankind. Jesus made man and said it was very good. And though mankind had disobeyed God and turned away from Him, sinning in the Garden, the Lord loved us so much that He was

willing to lay down His life for His creation. For His children.

No one killed Jesus. No one murdered the Messiah. He gave His life, willingly, as a sacrifice to atone for the sins of all mankind that if we will just believe in Him, we shall have everlasting life. For all who believe in Jesus will be saved. Believe and obey. When you truly love someone, it is not a burden to do their bidding. In fact, you ache to please them. You desire to show your love and appreciation for them and all they've done for you by trying to repay even a little bit. All God asks is that we realize we are sinners and to be reconciled unto Him, we must recognize His son, Jesus, and believe He died for us and rose, again.

Jesus conquered Death, Sin, and Satan in one final act on the cross. He was the perfect sacrificial lamb of God who knew no sin, Himself, but willingly gave His life for His friends and brethren that we might have Eternal Life, if we will just humble our hearts before the Lord and seek forgiveness. We must turn away from the wickedness of the world and set ourselves apart from our selfish desires and sinful lusts of the flesh. It is only through Jesus Christ and His gift of the Holy Spirit that will dwell within us, upon believing, that we can ever hope to navigate the darkening days of these End Times.

As John the Baptist cried in the wilderness, "Repent, the Kingdom of

Heaven is at hand," so also would Jesus repeat this most important message at the beginning of His Earthly ministry, and we're still shouting this warning to all who do not know Jesus as Lord & Savior nearly 2,000 years later. John baptized Jesus in the Jordan, though the wilderness prophet deemed himself unworthy to even carry his younger cousin's sandals, yet Jesus insisted that prophecy must be fulfilled, for God's Word is forever true. And when Jesus, who knew no sin, emerged from the waters of the Jordan, He saw the Heavens open and the Holy Spirit descend upon the Messiah like a dove as God the Father spoke from Heaven, saying "*This is My Beloved Son in whom I am well pleased.*" The

Messiah's Earthly ministry was born and Jesus continued preaching what John had started with water, yet He would continue, baptizing with fire, as Jesus echoed with a far greater authority "Repent, the Kingdom of Heaven is at hand!"

While the Holy Temple Mount has become an even greater point of contention between the Chosen People and Islam, these religious tensions will increase until all hell breaks loose, someday, and the One True God of Israel destroys the majority of Islam's military and terrorist forces, during the Ezekiel War, which is quickly coming upon Israel according to prophecy. When the Prince of Peace was crucified on Golgotha, just outside

the walls of the City of Peace, Jerusalem, it set in motion all the prophecies of the End Times, for we've been in the Last Days since Jesus ascended back into Heaven to sit at the right hand of the Father. Till Jesus returns, we must pray for the peace of Jerusalem as well as for all Israel, and our Divided States of America. We are no longer united and the Devil just laughs for his 6,000 year plan is working.

If America would shift its priorities from pursuing worldly pleasures and return to its first love, Father God and His true Biblical values, then we would see evidence of the Lord's blessings, once more. Instead of celebrating an Earthly Independence Day, America

should celebrate its Dependence Day; Dependence upon the Lord, everyday, for all His mercy and grace. Our Independence was born from Dependence upon our God-given rights, our Puritan work ethic, and our Christian morals and values, plus a whole lot of blood, sweat, and tears from a hard-working people who put God first in their lives, then kept their hands on the plow, the axe, the shovel, and musket till the threat was driven away from our shores and the plentiful harvest of thanksgiving was in the barn.

When we turned away from God, He was patient and long-suffering, at first, but we seriously lost our way after World War II. Ever since 1973,

America has been complacent in its faith and, sadly, complicit in the murder of over 63 million babies, which is nothing more than sanctioned and celebrated sacrifices to Molech, Ba'al, or Chemosh. Abortion is murder. America must realize and stop this Satanic madness along with every other form of sexual perversion, sexual abuse, pornography, human trafficking as well as the non-stop streaming of illegal immigrants across our open borders. Over 20 million illegal aliens have flooded into this country since Biden took office and his administration's inept and evil policies from a corrupt core of Communist puppet masters seek to destroy America from within. We are the last bastion of Christian values in the

world, today, but are doomed to implode and drown in the great Globalist flood that seeks to cover the entire Earth with its One World Order. It isn't new. It's as old as the Garden when Satan slithered in between Eve and the Tree of Good & Evil.

Bible prophecy says the Wrath of God will be poured out over the Earth at these End of Days. All who reject Jesus Christ as Lord & Savior will be cast into the Lake of Fire, plus this current Heaven & Earth will be destroyed, completely, by fire at the end of the Millennial Kingdom reign of Jesus when He makes a New Heaven and New Earth where we will live with Him, forever, without the curse of sin. Sadly, few believe in God's Holy

Scriptures thinking it is just a fabricated tale to mesmerize the foolishly faithful. The true fools will discard this as fantasy. It is historical and the Bible is the written record of it. Remember, it is written. The Word of God is true.

Wickedness and darkness are increasing all over the world and the hearts of men, women, and children are growing cold enough to kill even their own family members and neighbors in some of the most horrific ways imaginable. I am absolutely in support of Israel completely wiping out all the insane, barbaric and Satanic Hamas terrorists and invaders of October 7th, 2023, plus anyone else who threatens to attack or destroy

Israel, or threaten innocent Jews,
anywhere.

I am a patriot and veteran of the United States Air Force. I swore an oath to defend this country against all enemies, foreign and domestic, and I am still under that oath. While my oath to God far outweighs any human oath on Earth, I fully intend to uphold my responsibilities to both the Lord and to my country. Sadly, she needs me and every other true American patriot to stand up, now, and pray to high Heaven against the Satanic evil that is permeating our political swamp and institutions of, supposedly, higher learning because the true enemies of America are spreading their cancerous poisons from young mind to young

mind on almost every campus from sea to shining sea using a false history.

Both Satan and socialists always seek to steal and abuse the young. The ones they don't butcher in sacrifice to their dark lords and false gods, have their soft, malleable, and impressionable young minds filled with bile, rot, and lies so they grow up to hate the very nation that allowed them the freedom to be so completely ignorant of its true history and foundation upon Biblical values, the peace and love of Christ, and the personal sacrifice and hard work that is necessary to build such a superpower, maintain it, and defend it with the blood of true patriots from

time to time. I am not inciting to riot or cause bloodshed, physical harm, or the destruction of property. Anyone who spews revolutionary and incendiary hatred against others must stop their evil rhetoric. The darkened hearts and minds of those who hate others like the Christians and true American Patriots have an evil agenda and lie when they scream that Christians and Trump Supporters are Nazis. This is a lie. They want to start a Civil War or agitate mobs of militia types so they can declare Martial Law. Calm yourselves.

There are Fascists on both the Far Left and the Far Right. There are paid agitators in the so-called peaceful riots, which are anything but peaceful.

I do not support either side's ignorance, hatred, or violent methods. I am a Christian who loves my enemies and prays for them. I deplore violence, but I am not a dumb sheep with such extreme pacifist tendencies as not to be able to defend myself or others who need protection. I will take a stand against tyranny and all enemies, foreign and domestic, who seek to destroy America.

Christ died to save the whole world, He taught that there is no greater love than someone who will lay down their life to save their friends, their family, or their country. I am ready to die. Thankfully, we have had many millions of stalwart souls who have gladly given their lives for over 250 years to

nourish the Tree of Liberty that, now, is withered and dying. Only Jesus Christ can, truly, save this nation and the entire world, in fact, all of Creation. But should the Lord tarry, then it may very well become necessary to “water” our Liberty Tree with the blood of the last American patriots as we stand in defense and defiance against the Marxist, Communist, Socialist, or Satanic cancer that is eating us up from the core of the corrupt cesspool we call the Washington swamp.

Unlike those misguided citizens and, perhaps, a few true patriots who marched upon the U.S. Capitol in Washington on January 6, 2021, I pray that enough serious Christian and

other moral, patriotic believers with true faith and determination to save this nation will step up, speak out, and stride LEGALLY into offices across the country to take back what is, rightfully, ours without the spilling of blood. Enter the offices of Congress, the Capitol, and all the branches of our Republic by powerful, sincere, and honest representation through an untainted political process that allows their election to all offices fairly and with complete transparency; the way our forefathers intended when they wrote our Declaration of Independence and Constitution with its Bill of Rights.

Sadly, it may be too late. I thought Trump would win in 2020. I know the election was stolen as does anyone

who isn't blind or a fool, but the Trump Administration's policies were working wonderfully, and regardless of his personal imperfections, earlier immoral behavior, and trash-talking tweets, his administration delivered what he promised. I'll take a brash trash-talking Commander-in-Chief who isn't afraid to throw down the gauntlet against treasonous, traitorous, anti-American infiltrators like the Deep State over a weak, feeble-minded liar like Joe Biden who has always been a corrupt politician. If you support him, then you are not on my team, whether you're a so-called Christian or not. True Christians do not vote for politicians who allow abortion; who lie, cheat, and steal.

Few of those in power tend to have the heroic Christ-like qualities that are idealistic, noble, and the hallmark of true service to the public. God is the One who gave government to the nations to oversee and protect their people, as needed, though most every nation on Earth has become corrupt and, selfishly, turned their backs upon the Lord Almighty thinking they, alone, can do a better job of running their little human empires.

Just as there's no "I" in Team, there is no "I" in Run. When your ego inserts an unnecessary "I" into Run, it spells R-U-I-N; Ruin. But try enlightening the proud, arrogant, and stubborn powermongers in every nation's capitol and see how far you get before

they slander you, embarrass you, imprison you, or simply murder you so they can get back to running and ruining the countries they swore to protect and serve.

Am I optimistic about America? Without God? No. We are not the same country we were in the early 20th Century that came to the aid of many other nations of the world to shed our blood and give our lives to help them defeat terrible enemies seeking to destroy them. By the Grace of God we succeeded in two World Wars, but since 1950 it's been all downhill. Last century's superpower, the United States of America, is now the Divided States of America in this 21st Century and has

seen a slow, incremental sliding into Socialism ever since the end of World War II. Can you say Venezuela? Can you say Military-Industrial Complex?

While addressing several Western states at the Polish embassy in Moscow on November 18, 1956, The Soviet First Secretary of the U.S.S.R. (Union of Soviet Socialist Republics) Nikita Krushchev said - Quote - *"About the capitalist states, it doesn't depend on you whether or not we exist. If you don't like us, don't accept our invitations, and don't invite us to come to see you. Whether you like it or not, history is on our side. We will bury you!"* - End Quote. Kruschev's speech prompted the envoys from twelve NATO nations and Israel to leave the

room. How is it any different, now, under Vladimir Putin? What has changed? Putin is Cold School. He's a Cold War KGB spook turned Czar and Communist dictator of just another modern, oppressed, and frightened people terrified to speak or act out against him and he's destroying Ukraine. Putin is evil.

Communist countries have always been the enemies of the United States of America with our once cherished freedom and Capitalist economics. Communism, Marxism, and Socialism are all the same. I prefer to just call them what they really are: Satanism. Any belief system that does not believe in or obey the will of God, the One True God of Israel, is wrong in

their theology and are bound for Hell. That's the truth. Believe it or not. It's only your soul at stake.

After many decades of very public displays of bravado and military posturing between East & West, it is obvious that the Communism Versus Capitalism rhetoric from both sides was all an international scheme, involving treasonous traitors within our own government, to distract our citizenry so that the real Globalist Satanic threat could infiltrate our borders, silently through the shadows - amidst the smoke and mirrors, and gain positions of the highest power and influence over every form of political, social, educational, and cultural means to do all their evil

purposes. Today's cancerous rot of Communism leaks like rancid pus from the frail and feeble frame of good ol' Uncle Sam as his elderly battered body lies unconscious in a ditch along the Potomac River. You better plant more cherry trees, D.C., if you want to cover up the wicked stench of treason; the long-con poisoning of nearly every child of every patriot who gave limb or life to the hard-sell cause of and cry for all foreign wars in the past 75 years, plus the continuous drip-drip-drip of patriots' blood watering the weakened Liberty Tree for the so-called sake of We the People.

"We must fight them over there, so we won't have to fight them, here!"

Remember that fat Neo-Con lie? We

should have kept our military home, watching our walls and borders, keeping an eye on the hen house and minding our own store, instead of helping distant nations with their internal squabbles, political upheavals, tyrannical dictators, and religious wars of vengeance. After decades of brutal war, millions of lives lost, thousands of American soldiers dead or maimed, and trillions of dollars squandered, Iran has control of Iraq, and the Taliban is back in control of Afghanistan. The only Weapons of Mass Destruction I've seen are wearing American Flag lapel pins and military ribbons in the corridors of power in Washington D.C., both politically and militarily. America, most of your leaders are corrupt,

incompetent, and treasonous.

America should stop sticking its nose into the wicked world's filthy business and clean up our own backyard, first. Then, when we're out of debt, which will be never, we can try to help the disillusioned world, again, as we did under the Marshall Plan. Till then, bring our men and women, boys and girls, sons and daughters...home! Protect our borders. Close them! Stop the enemies from invading us. Drain the swamp! Blah blah blah. No one's listening. No one knows history. No one reads the Bible. No one can handle the truth. Few, if any, are prepared for the rude awakening that's coming, soon. It will make 9/11 look like a picnic. It's not a threat,

just a promise, if you're watching the signs.

Kids believe lies from Tik-Tok videos, spewing antisemitism or Socialist dogma, and that America is the root of all evils. What ails America is the fact that we've forgotten God and are distracted at every moment by countless shiny things that appeal to every lust of the flesh. Americans are fat, lazy, apathetic, indifferent, weak, afraid and, most importantly, ignorant of true American History and how we were born by the blood, sweat, and tears of true believers in Almighty God, His Holy Bible, and the calloused work hands of every man, woman, and child who wasn't afraid of getting dirty to build the greatest modern

nation the world has ever seen.

Sadly, the purple mountains are faded and tarnished, having lost all the majesty of the Lord who made them, plus the amber waves of grain were plowed under so corporate farms could plant GMO seeds manufactured by greedy shareholders who just want to make money off the peasantry while controlling all the food, thus controlling all the tired, poor, hungry huddled masses streaming to our shores and across our open borders.

We are a failed nation. Nothing is too late for God, and I don't mean to sound like it can't be done, but I have seen little evidence that America can pick itself up off the floor, without God,

dust itself off, and put the pieces back together, again. Humpty Dumb & Dumber, plus all the king's horses and all the king's men have had control of this country for far too long. The fact that Biden was even allowed to become President shows that the enemy is the very same Deep State that allowed 9/11 to happen just as it did with Pearl Harbor on December 7th, 1941, or killed JFK on November 22nd, 1963. Yet, they will slander me a Conspiracy Theorist. Pot and kettle much? Oh, I know their silly "official" findings say otherwise, but I know the government lies, so I never believed them for one second. They lied about JFK, they lied about Vietnam, they lied about Iran-Contra, they lied about Iraq and weapons of mass destruction.

Are you getting the point? They lie. They always lie. Satan is the Father of Lies. He always lies and deceives mankind. So, fool me once, shame on you. Fool me twice, then shame on me. But when you fool Americans, repeatedly, 666 consecutive times, then it is Americans who are the fools, period.

9/11 never happened as our government said it did. When Pearl Harbor happened, America was drawn into WWII just as the Deep State desired so they could achieve their nefarious political, power, and control objectives, plus make a lot of money playing both sides. America's citizens did not want to enter the war, but when you either cause, allow, or don't

warn your people about the imminent Japanese attack on Pearl Harbor, then you will achieve your Satanic aims. The same with 9/11. The Neo-Cons wanted a war, so they orchestrated, assisted, or allowed the Twin Towers to be struck. It's all very obvious to those who are not blind.

Iraq and Afghanistan were and still are about natural resources; moving oil and natural gas, plus mining rare Earth minerals and metals, which are plentiful in Afghanistan, especially. The botched withdrawal from Afghanistan is one of the more recent debacles and examples of American stupidity and contempt for our Armed Forces. What a clusterbomb that was. Puppet President Joe Biden and his

administration were in charge, remember? They do not care about America or its military forces. They want us weak. They lie and say otherwise, but their actions speak louder. They totally blew that withdrawal from Afghanistan on purpose.

Was it because the Mumbler-in-Chief, Joe Biden, had a brain fart on one of his sandbag stumbles as he slid into dementia or whatever neurological disorder he has? His staff knew, back then, that he couldn't figure out a proper plan for withdrawal, so they did it all for him, which was morally bankrupt and unlawful. They all are either incompetent, criminally corrupt, or just plain evil sociopaths lacking

empathy, so they pulled the plug and, during the airlift out of Kabul, allowed 13 military personnel to be killed in a deadly suicide bombing that should never have happened and wouldn't have happened, if the evacuation was planned and executed, properly. If the Obama - Biden administration hadn't fired all of their competent military generals and admirals, during that corrupt administration, instead of just keeping the bootlickers and woke jokesters who couldn't plan for or fight their way out of a wet paper bag, America might have stood a fighting chance. I blame the failed leadership.

Instead, our hobbled U.S. military machine left 80 Billion dollars worth of modern high-tech weapons, hardware,

and ammunition behind in Afghanistan, to allow the very quick rearming of terrorists we know as the Taliban and ISIS. Remember, President Trump's military defeated ISIS, but Biden brought 'em back; Build Back Better, right? The Biden Administration's "brain trust" is downright evil and Satanically motivated by a wicked Deep State that supports the globalist One World Order they are so desperately trying to implement. They will eventually do it, of course, for the Bible prophesies it, so it has to happen and it's not that far from occurring.

If Trump is assassinated, next time, or simply not elected (can you say "stolen election"), then the not-so-new

One World Order will happen more rapidly. If Trump is elected because God allows it, then America and the world might see a few more years of another blessed reprieve, all due to the Grace of God, but this up and down rollercoaster ride of wickedness to righteousness to wickedness will suddenly stop when the Rapture happens and Jesus takes all true Christian Believers in Him up to Heaven and shelters His Bride in His Father's House for the duration of the Hour of God's Wrath upon an unsuspecting Earth. When the Earth Dwellers are all saying "Peace & Safety" or "Peace & Security," then watch out, for sudden destruction will fall upon them and they will not escape.

Be careful what you wish for, all you Hard Left Wokesters and Unreliable RINOs who clamor against Christians who you erroneously call Nazis as you tear down America's statues, burn cities, defund the police, while ranting and raving about Climate Change and the End of the Earth caused by capitalism or Conservative Christian morals and values. You may just get what you wish for when all the Christians are removed from the face of the Earth in a single moment. Be careful what you wish for, Atheists, when the Christians are taken out of the way as you claim there is no God and that all who place their faith in Him are fools. Be careful. You will all get your wish, someday soon, for Jesus is coming to take His Bride back

Home and off this wicked Earth, which will soon feel the Hand of God move against it in such supernatural ways that all who are Left Behind will cry out for the rocks, hills, and mountains to fall upon them to save them from the Wrath of the Lamb. The One they refused to believe in; the One they refused to obey; the One they rejected and hated for His authority and commandments because they wanted to rule the world, themselves, and seek only their own sinful selfish desires.

It is so obvious that the Biden Puppet Show is being run from behind the scenes by Obama and his staff. Biden was never president. Kamala never will be. No president really is because

it takes a huge united team of people who must be on the same page to get anything accomplished. When it works well, then we can say the sitting President did a good job just out of respect and deference to the Office plus the figurehead who must perform the song & dance routine in public. I'll take Trump's brash, covfefe-fueled trash talk, any day, over the demented and bumbling Biden where Obama pulls his strings. Are you really going to let Obama have a Fourth Term?

Anyone who still believes that one person, holding the Office of the Presidency, is actually responsible for all the decisions and actions needed to sustain, maintain, and defend our nation is seriously deluded. It's a

team effort and the way you know it for certain, now, is because Joe Biden has been utterly incapable of thinking, talking, and walking for many months, now, if not for a couple years. He's a joke. His 50 year political career was achieved through corrupt evil enablers and he was only the smug sneering face of every bad policy decision he can lay claim to, but as everyone knows, Joe Biden never achieved anything except appeasing his donors, accepting bribes, and fleecing America. C'mon, man!

All the Deep State are wicked, selfish, corrupt con artists with only their own greedy, power hungry motives to guide them. Very few politicians are guided by Godly morals, values, and

principles. The Bible is not the law of the land, anymore. And Satan's minions are screaming at the thought of Trump returning to power; not that he's a saint, but he does have the ear of the Evangelical Right who still have God's favor and are shining a small bright light within this darkened nation.

Now, I'm not perfect or without sin. Being a Christian just means we know the One who is. We believe in Jesus Christ as our Lord & Savior. He is perfect. Being saved means we're going to Heaven. But we must seek the Lord's guidance so we will not continue in our sins, but turn away or repent.

In America and the entire world, the Political Left hates the Conservative Right and they most definitely hate Christians, Jews, and anything that is of the Judeo-Christian Bible. Why is that you might ask? In America, why does the Looney Left and their traitorous conspirators, the RINOS on the Right, always allow, finance, and encourage: BLM to riot; Antifa to riot; racism; antisemitism; releasing of criminals back into society too quickly; defunding of law enforcement; criminal chaos and mayhem; borders to be wide open; calls to all foreigners to immigrate, here; murder of babies in the womb; Free Speech for the Left, but not for the Right; the dead to vote; a weak military; the continual bellowing of DEI and equity hiring

instead of focusing on performance merit as it use to be when experience mattered? Because they want to destroy America.

The Left hates Trump and all his evangelical religious Right supporters, shouting them down as Nazis, because they know the true power of Our Father in Heaven. God may not be done with America, yet. It may be that if we can get down on our knees, humble our hearts before the Lord, and pray like we mean it, this time, then maybe, just maybe, the Lord will hear us and temporarily hold His hand of judgment against this wicked nation that has strayed so far from His Word that He's just about ready to give us over, completely, to the millions of

reprobate minds and hardened hearts that would, gladly, extinguish the heartbeat of a beautiful little baby in the womb, if not beyond. The Bible is true. Hate God all you want, but He isn't going anywhere. You are, if you don't repent and believe. If you don't obey. God has prepared a special place for all the forces of evil, of wickedness in this world. It is the Lake of Fire that burns, eternally, and it was made for Satan and all of his fallen angels and demons. Not mankind. Mankind was never meant to go to Hell. So, choose wisely where you want to spend Eternity.

All humans are guilty of nearly every one of the Ten Commandments from Our Holy Father in Heaven. The Far

Left faction of the Demonrats political party is guilty of all of them. Sadly, they actually believe their own scheming narrative. They are so self-deceived from all the lies they've repeatedly told themselves and their constituents about the Conservative Christian Right that they can no longer see the truth. Their Trump Derangement Syndrome is real. Anyone with even half a brain could see from the bizarre debate between Trump & Biden on June 28th, 2024, that Biden is clearly incapable of speaking full sentences without a teleprompter. His mind is going and he is completely unfit to be President. Due to his horrendous policies, a life of corruption, plus his deceitful nature, Biden was never a good candidate for

the Office of the President of the United States of America. But he has a Deep State team to support his presidential dream of being the Big Guy who holds all the power in the world at his covetous fingertips. Biden, his staff, his supporters, and all his enablers are completely corrupt, at worst, or horrificly inept, at best. It's probably a lot of both.

Is Trump an example of moral integrity? Of course not. He's a loud, brash, arrogant, trash-talking egotist who loves the limelight way too much, but the major difference between him and Biden is this: Trump actually loves America and is sincere about his caring for the hard working blue collar people. Trump loves the little guy and

gal. Trump loves his family and regardless of his many mistakes, his family loves him and they support each other. Trump has enough integrity and morality to be truly sympathetic and supportive of our military, and protecting our American way of life. Trump cannot be bought. If he could just learn to keep his mouth shut and behave with the class and dignity our President should display, then more independents and even moderate old-school Democrats would not be so loathe to vote for him.

Trump knows how to surround himself with solid policy experts in all their related fields and guide them to do what is best for America and not just for himself. He neither needs the

money or the power. I feel that Trump truly believes in America. I only wish he truly believed in Jesus Christ. Being a supporter of God and the Evangelical Right is not anywhere near the same as being a humble servant of Lord Jesus. Trump is not a humble man. I've yet to see or hear anything that would suggest that he is a true Christian and sincere follower of Jesus, which is the only way to Heaven. I hope and pray that this latest brush with death will make him fall to his knees to seek the Lord's forgiveness and cause him to believe in Jesus Christ that he would be saved. Truly saved and a follower of Jesus. That type of President would impress me.

Please pray for him and his family.

Please pray for our country. Please pray for all the lost in this rapidly devolving world that is swirling around the drain of Globalism. Pray for the peace of Jerusalem. Pray for Israel. Stand up for the Jews and stop supporting antisemitism. It is Satanic and God will curse all those who curse Israel. It is written.

I was dumbfounded when Biden won in 2020. People who know have already said it, but it bears repeating: the election was stolen and severely impacted by Covid-19, which was a weaponized man-made virus concocted in a Wuhan, China, laboratory, then deliberately released upon the whole world just to disrupt Trump's chances for reelection. The

political Left in the whole world are the Globalists. They are enemies of mankind. Every one of their policies is designed to destroy the nations holding out against their One World Order. Globalists must destroy America, the last hope of planet Earth, because of the huge Evangelical Right that believes in Jesus Christ as the only true Savior of the world.

Globalists want total control through: the United Nations, which is a sham; the World Health Organization, a corrupt institution; the European Union, the forerunner to the ten nation coalition of the Antichrist that will soon appear on the world stage; NATO and the U.N. peacekeeping forces, the beginnings of the global

military machine that will carry out the evil will of their masters; and any other organization that spews Climate Change nonsense or is trying to force America to adhere to idiotic policies that are designed to only destroy America while helping lesser nations rise in power and economic status.

There is coming a Great Reset. Very shortly, the Globalists will cause the entire world economy to crash and when America is no longer a military superpower that has the will and means to fight, then the petro-dollar will be dumped, America will be broke, and the new digital world currency will be implemented. All power and control are being consolidated in the hands of a few Luciferean zealots who

worship Satan instead of Almighty God.

Sadly, most people don't believe this or want to hear it. They just go numb and shut down, closing their ears, eyes, and minds. Then, they don't even bother to vote believing it to be a lost cause. Well, Satan counts on that. The Left wants you to stay home. The system is broken, but if you are not participating, politically, then you're just as guilty for allowing the enemy to walk right in and win without a single shot fired.

It's time to stand up and be counted. It's time to speak up, speak out, and not be frightened by what might happen. Doing the right thing is hard,

sometimes. But when you know you're doing the right thing, then it gets a whole lot easier, even when you're the only one standing up against the enemy, alone in a field, like little David against Goliath. David stood up because he knew his Lord had his back. He knew that Goliath had no chance against the God of Israel. Since the modern return of Israel as a nation on May 14, 1948, the United States of America has been mostly united behind the tiny Jewish nation that was fighting for survival from day one.

Satan hates Israel. Satan hates the Jews. Antisemitism is on the rise, again, because the time of the end is rapidly approaching and the Devil

knows it. His time as "ruler" on this Earth is almost over. His time as little "g...god" is coming to an end. Satan will soon be in the fight of his life when the Great Tribulation happens after the Rapture of the Church, and he knows that seven very short years, later, he will be thrown down and bound for a thousand years in a deep dark pit reserved for his lying, deceiving, malicious heart.

Please pray for our America. Pray for Former President Trump and vote for him, this November. He is the last and only chance to stall the inevitable decline of America.
